<b>Skin contact:</b>	Do not rub or scratch. Rinse exposed skin with cold water then wash skin with soap and water. Do not use hot water as that opens skin pores and may increase particle penetration and irritation. Remove contaminated clothing and launder before re-use. Get medical attention if irritation persists.
<b>Eye contact:</b>	Do not rub your eyes. Immediately flush eyes with water for at least 15 minutes, holding the eyelids apart. Get immediate medical attention.
<b>Ingestion:</b>	If small quantities are swallowed, rinse out mouth with water. Drink plenty of water to help reduce irritation. If large amounts are swallowed or if irritation or discomfort occurs, get medical attention.

**4.2 Most important symptoms and effects, both acute and delayed:**

Causes severe eye irritation with possible eye damage. May cause skin irritation. May cause mild respiratory irritation.
